

- DND-AC M2 F:

MAGNETIC INDUCTION

Distance (mm)*	Magnetic induction (Gauss)**
0	1580
50	1070
100	790
150	600
200	448
250	345
300	262
350	203
400	160

*Measured from the separator belt to the conveyor belt

**Testing without material loading

***Measurement axis - in the center of the magnetic core

Magnetic tolerance: +/- 10 %
